EXPERIENCE

Research Assistant, Blocks4All App – Macalester College, Saint Paul, MN

Jan 2025 - May 2025

- Collaborated with developers to improve navigation, interaction clarity, and accessibility for an iOS application, translating usability findings into interface enhancements through testing
- Presented the Blocks4All app and related accessibility projects at the CSTA MN+CS Conference, sharing insights from HCI research with an audience of 15+ attendees

Teaching Assistant, Core Concepts in CS Course – Macalester College, Saint Paul, MN

Jan 2025 - May 2025

- Supported 30+ students by reviewing written and technical work, providing clear, structured feedback, and explaining complex concepts in accessible language

Marketing Engineer Intern, Rockwell Automation – Milwaukee, WI

Jun 2023 - Aug 2023

- Drafted, structured, and organized 20+ data-heavy tables and supporting content for a product search experience, improving clarity, discoverability, and usability of technical information
- Managed quality checks to ensure accuracy, consistency, and alignment across digital documentation, partnering with cross-functional stakeholders to resolve issues
- Conducted research on emerging AI tools to support competitive analysis and inform strategic decision-making

Game Guide, 60 To Escape – Greendale, WI

Jun 2022 - Jan 2023

- Hosted 25-35 guests per shift, monitored progress via a company computer system, and ensured a seamless experience by efficiently resetting and cleaning rooms between groups

Counselor in Training (CIT), JCC Rainbow Day Camp – Fredonia, WI

Jun 2018 - Aug 2019

- Supervised counselors in managing and leading groups of 20 campers in various recreational activities, including sports, games, arts, and crafts, supporting the fostering of camper engagement and teamwork

EDUCATION

Macalester College – Saint Paul, MN

Bachelor of Arts: Computer Science, Psychology Minor | GPA: 3.97 / 4.0

Honors: Phi Beta Kappa, Summa Cum Laude

Sep 2021 - May 2025

Aquincum Institute of Technology (AIT) – Budapest, Hungary

Computer Science Program

Feb 2024 - May 2024

Relevant Coursework: User Experience Design, Human-Computer Interaction, Software Design and Development, Introduction to Artificial Intelligence

PROJECTS

Little Lemon Restaurant Web App (Meta Front-End Developer Capstone)

Apr 2026 - Jun 2026

- Designed and developed a responsive React-based web application, translating Figma designs into accessible, user-centered interfaces

Macalester College News App Redesign

Apr 2025 - May 2025

- Led user interviews and usability testing to identify pain points in a daily news email experience, translating findings into wireframes and high-fidelity prototypes and iterating based on user feedback

CERTIFICATIONS

Meta Front End Developer - Completed, June 2026

Google UX Design - In Progress
